IT AND ENGINEERING SERVICES

IT SKILLSET

- IT Support Specialist
- IT Director
- IT Technician
- IT Security Engineer
- Data Scientist
- Cloud Architect
- Systems Analyst
- Full-stack Developer
- Back-end Developer
- UX Developer

- Manufacturing process engineering
- Cybersecurity Engineer
- Network Architect
- Manufacturing Engineer
- Maintenance Technicians (Mechanical & Electrical)
- Manufacturing process engineering
- Quality control and quality assurance
- Industrial automation and robotics
- Industrial Designer

ENGINEERING SKILLSET

AUTOMATION SERVICES

Automation Skill Set

- Programmable Logic Controllers (PLC) programming Engineers/Technicians
- Human-Machine Interface (HMI) design and configuration Technicians/Engineers
- Industrial Robotics programming and integration
- SCADA (Supervisory Control and Data Acquisition) systems
- Industrial networking and communication protocols (e.g., Ethernet/IP, Modbus)
- Control system design and implementation Engineers
- Process control systems
- Electrical and instrumentation troubleshooting engineers & Technicians
- Automation project management
- Cybersecurity for industrial control systems

- Automation Engineer
- Control Systems Engineer
- Robotics Engineer
- SCADA Specialist
- PLC Programmer
- Automation Technician
- Industrial Network Engineer
- Automation Project Manager
- Cybersecurity Specialist (Industrial Control Systems)
- Automation Consultant

Specific Automation Roles

OIL AND GAS INDUSTRY SKILLSET

Oil and Gas

- Project Managers
- Engineers (Mechanical, Electrical, Civil, Chemical)
- Geologists and Geophysicists
- Health, Safety, and Environment (HSE) Professionals
- Procurement and Supply Chain Specialists
- Operations and Maintenance Technicians and more

IT INDUSTRY SKILLSET

- Software Developers and Engineers
- Data Scientists and Analysts
- Cybersecurity Specialists
- IT Project Managers
- Network and Systems Administrators
- Business Analysts and more

IT INDUSTRY

MANUFACTURING INDUSTRY SKILLSET

Oil and Gas

- Production Managers
- Quality Assurance and Control Engineers
- Process Improvement Specialists
- Industrial Engineers
- Maintenance Technicians
- Supply Chain and Logistics Managers and more

AEROSPACE INDUSTRY SKILLSET

- Aerospace Engineers
- Avionics Technicians
- Aircraft Maintenance Engineers
- Aerospace Designers
- Aerospace Project Managers
- Aerospace Quality Inspectors and more

Aerospace

Integrated Engineering Solution

OUR CORE VALUES

Macdillions Global Energy (MGE) is dedicated to pioneering innovation, fostering sustainable energy solutions, and making a positive impact in the global community. These principles guide our every action as we strive for excellence and lead the way towards a brighter, more sustainable future.

Why Macdillions Global Energy (MGE)?

Pool of **engineering experts** with an extensive experience in all niche segments

High value driven and **cost-effective services**

Flexible **onsite** and **offshore** working models

Innovation driven product development with a focus on **reliability** and **IP security**
